This process allows a CLE sponsor to view the programs and classes submitted by the sponsor for approval by the Commission on Continuing Legal Education. All of the programs and classes submitted by the sponsor during approximately the past two years will be listed, in descending chronological order. The current approval status—Pending, Approved or Denied—will be shown for each class session. The sponsor may narrow the display of programs by entering a keyword search term or terms, hitting the "Find Now" button and viewing the revised list produced by the search. Any written materials associated with a program and previously uploaded by the sponsor will be shown and will be available for download.
